

RING PROTECTION PLAN – Video Script

Your official ring purchase includes the Jostens Limited Lifetime Warranty for the first 4 years. You can add more years of protection through the Jostens Extended Ring Protection plan, which adds an additional 10 years to the original 4, for a total of 14 years. About half of all college students choose the Extended Ring Protection Program when they order their ring, because this kind of ring is more than a piece of jewelry – it's a keepsake.

Beyond either of the warranty plans, your Jostens ring can be resized for the lifetime of your ring FREE OF CHARGE as long as it remains in resizable condition, and Jostens will also restore the original finish of your ring – throughout its lifetime -- free of charge.

You can find all of Jostens warranty plans and services at Jostens.com.
